Prices and destinations mentioned in this leaflet are valid until 31 October 2018. The Europe Airpass is only valid when you travel to Europe with Etihad Airways (flights operated by or marketed by Etihad). The Airpass can be purchased at the same time as booking your Etihad flight to Europe and must be issued as a separate ticket in conjunction with your international airfare. Airpass sectors are only valid for travel on Etihad codeshare flight numbers operated by Air Serbia, SNCF, Alitalia, Aegean Airlines, Czech Airlines, Flybe and Air Europa (note: service may be seasonal on some routes). Between two to ten one-way Airpass vouchers may be issued with an Etihad Airways ticket. Fares exclude applicable surcharges, fees and taxes which will be calculated and added to the Airpass fare at the time of ticketing. Date and routing changes are permitted free of charge at any time (local service fee may apply). The Airpass can only be purchased prior to arrival in Europe, at local Etihad Airways offices or appointed travel agents. Rates are subject to availability of seats at the time of booking. All fares and information are subject to change without notice.
